

TUFF WALL MOUNTED CYCLE SHELTER

Black Wall Mounted Cycle Shelter - 5 Hoops

Blue Wall Mounted Cycle Shelter

TUFF Orange Wall Mounted Cycle Shelter

FEATURES

Brief Description

New and exclusive TUFF Wall Mounted Cycle Shelter that provides sufficient cover for bikes without the need for extensive ground works.

If a shelter is to be sited 5 miles off the coast we strongly recommend an additional weather treatment to prevent the onset of rust. Available for a modest additional charge.

Specifications

- Designed to be situated against a suitable wall with parabolts
- 2 front supporting leg bolts to the ground
- Complete with a high quality 4mm PETG roof
- Supplied in kit form for easy on site installation
