- Width between Sleeves: 225mm (0.30m-0.75m<sup>3</sup>), 410mm (1.00m<sup>3</sup>), 600mm (1.50m<sup>3</sup>-2.00m<sup>3</sup>)

## DIMENSIONS

Volume	Size	Weight	Load Capacity	Litre
0.30m <sup>3</sup>	L1140 x W820 x H815mm	125kg	1500kg	300 L
0.50m <sup>3</sup>	L1540 x W820 x H1045mm	164kg	2500kg	500 L
0.75m <sup>3</sup>	L1760 x W820 x H1270mm	224kg	3000kg	750 L
1.00m <sup>3</sup>	L1760 x W1060 x H1270mm	248kg	3000kg	1000 L
1.50m <sup>3</sup>	L1760 x W1560 x H1270mm	365kg	3000kg	1500 L
2.00m <sup>3</sup>	L1810 x W1560 x H1470mm	387kg	3000kg	2000 L

## FEATURES

### Brief Description

Our Heavy Duty Roll Forward Skips are ideal for heavy duty emptying with a roll forward mechanism for ease of operation.

### Specifications

- 6 skip volumes available
- Cable operated for safe emptying
- Reinforced edging
- Gentle rolling mechanism for smooth movement, preventing unwanted jolts
- Made from 3mm steel sheets
- Secured to prevent slipping or unwanted emptying

### Finishes

- Tough & durable steel
- Choice of painted or Galvanised hot dipped
- Highly visible
- Galvanised finish is advised for use in damp areas
